

Luke McMaster

Show Description Updated January 2019

With **ICONS OF SOUL** Luke McMaster has taken his Motown influenced style to a new level. Icons of Soul in concert is the ultimate, authentic musical experience of contemporary blue-eyed soul. A collection of brand-new tunes, created in collaboration with original hit makers, Felix Cavaliere of the Rascals (Groovin', Good Lovin') and Lamont Dozier (Stop! In the Name of Love, Baby Love). These songs are so much fun, you'll feel like you've known them all your life. Plus, you'll be treated to fresh covers of early Motown hits and previously untold stories behind the songs.

Luke McMaster is best known for "Good Morning, Beautiful," his 2013 Top 3 *Billboard* AC smash hit with new age pianist, Jim Brickman and his impressive Canadian gold album run as a duo with Rob James in McMaster & James, ("Thank You," "Love Wins Everytime,") with media often referring to them as the "Canadian Hall & Oates."
