Come sing with Ginalina!

Ginalina is a JUNO-nominated and bilingual West Coast Family Folk Singer-Songwriter. Her music is inspired by the urban folk scene, and written for young audiences and their loved ones. She believes in the benefit of good music and good times, to make brighter, stronger, and more-connected communities.

Warm-hearted and upbeat, and with a respect for children, nature, and home, Ginalina strums and sings, plunks and plinks, howls and hoots... and encourages all ages to join along to make a musical memory. Her songs are about forest friends, family kisses, and timeless themes such as friendship and growing up!
